1. Eligibility

- **AGE:** Undergraduate College students and registered for the NSBE conference.
- **LOCATION:** Virtual
- **TEAMS:** Students can compete as individuals, or in teams of up to four (4) students.
  - Any team with more than four (4) students is not eligible to compete.
- **ONE ENTRY PER PERSON OR TEAM:** Students may only submit ONE app.

2. Online Registration

All participants must register as an individual or team.

Students need:

- A personal email address and phone number
- Send an email to (k12team@code-crew.org) with subject “Add to Slack Channels” requesting to be added to the channels that will be used for communication
  - #nsbe_hackathon_2021_online_support
    - Channel will be used for requesting assistance if you have any questions or technical issues
  - #nsbe_hackathon_2021_team_recruiting
    - Channel will be used by students to recruit team members
  - #nsbe_hackathon_2021_general_information
    - Channel will be used to share updates about the Hackathon

3. App Parameters

- **CHALLENGE:** The app has to deal with addressing Humanity and Social Justice.
- **PLATFORM**: The app can be on any platform of your choosing as long as it easily allows you to do the video demonstration for your submission (Below are some suggestions but are not required)
  - MIT App Inventor
  - Thunkable
  - Code.org App Lab
  - CodeHS Mobile Apps
  - Flutter

- **PROGRAMMING LANGUAGE**: Use any programming language: C/C++, Objective C, Java, JavaScript, Python, Swift, “block code”, etc. **Any tools that don't allow any type of coding will not be accepted.**

- **FUNCTIONALITY**: The app must have some degree of functionality to be competitive.

- **CONTENT SUITABILITY**: The app cannot be indecent, defamatory, in obvious bad taste, demonstrate a lack of respect for public morals or conduct, depict hatred, defame, or threaten a specific community in the society or incite violence. **Contain pornography, obscenity or sexual activity are prohibited. The app must not violate the Intellectual Property, common law or privacy rights of other parties.**

- **ORIGINALITY**: The app must be original and solely owned by the Contestant such that no other party has any rights or interest, whether known or unknown.

4. **Online Submission**

After the Submission Period has ended, the Submission cannot be modified in any way.

If competing as a team, one teammate should make one submission by including the other team members information. The most critical component is the demonstration video, which is detailed below.

**DEMONSTRATION VIDEO (max 4 min)**

Students must create a demonstration video with the following information:

- The name(s) of each participant
- The name of the app
- Clearly explain the purpose of the app
- Explain the app’s target audience (who the app is intended for?)
- The tools and coding languages used to create the app
- Show how the app works
- **The video should be no more than 4 minutes long.** Video submissions which do not adhere to the time constraints may be penalized by the judges at their discretion.
**not a video-creation competition.** However, the judges view the demonstration video to learn about the app. The video should be as clear and compelling as possible.

- Here are 2 examples from some our past participants
  - [Example 1](#)
  - [Example 2](#)

Upload the completed video to [YouTube](#), [Vimeo](#), or any other video-hosting site.

**Important:** The video must be set to "public".

**QUESTIONS**

In addition to the demonstration video, the team will need to answer a series of questions similar to the following on the Google Form with your submission:

1. What is the title of your app?
2. Explain the app’s purpose in one sentence.
3. Short Description: What inspired you to create this app?
4. Short Description: What is your app trying to accomplish?
5. What technical/coding difficulty did you face in programming your app, and how did you address this technical challenge?

**5. Deadline**

The Hackathon will accept submissions until Wednesday March 31st **11:59 pm Eastern Standard Time.**

**6. Exit Survey**

You will be receiving a link via email to a Google Form at the completion of the event. The data helps us improve our future Hackathon.

**7. Winner Selection**

1. Demonstration Videos and Submission Answers will be reviewed and evaluated by Judges.
2. Awards will be judged based on the following criteria:
   a. Quality of the idea (including creativity and originality)
   b. Implementation of the idea (including user experience and design)
   c. Demonstrated excellence of coding and programming skills.
3. The Judges have the right to request access to the App and source code to verify that the App functions and operates as stated in the Submission Form. Failure by a Contestant to honor such a request will result in the Submission’s immediate disqualification.

4. Judges will be fair and impartial. A judge may elect to recuse him or herself from judging a Submission, if in the judge’s sole discretion it is not appropriate for him or her to judge that particular Submission because of a past or current relationship with that particular Contestant. A Submission will not be at a disadvantage if one or more judges recused himself or herself.

8. Prizes

- The winners of individual app and team app will be featured on the CodeCrew official website and at the NSBE official site.
- There will also be additional prizes which will be announced at the Convention Awards Ceremony April 7th. (Only students registered for the conference are eligible)

9. Entry Conditions and Release

By entering, participants agree to the following conditions and release:
Each Contestant agrees to comply with and be bound by these Official Rules and the decisions of the CodeCrew, and/or the Competition judges which are binding and final in all matters relating to this Competition.

10. Publicity and Intellectual Property

Except where prohibited, participation in the Competition constitutes participant’s (or their parent’s) consent to CodeCrew’s use of the winner's name, likeness, photograph, voice, opinions and/or hometown and state for promotional purposes in any media, worldwide, without further payment or consideration.

Contestants will own the intellectual property rights to their Submission, but will grant CodeCrew rights to:

- Post the Submissions online;
- Make the Winners available to CodeCrew for communication and media purposes; and
- Utilize the Submissions for noncommercial purposes after the conclusion of the Competition Submission Period.

11. General Conditions
1. CodeCrew reserves the right to cancel, suspend and/or modify the Hackathon, or any part of it, if any fraud, technical failures or any other factor beyond CodeCrew’s reasonable control impairs the integrity or proper functioning of the Hackathon, as determined by CodeCrew in its sole discretion. CodeCrew reserves the right in its sole discretion to disqualify any individual or Competitor they find to be tampering with the entry process or the operation of the Competition or to be acting in violation of these Official Rules or any other promotion or in an unsportsmanlike or disruptive manner.
2. Any attempt by any person to deliberately undermine the legitimate operation of the Hackathon may be a violation of criminal and civil law, and, should such an attempt be made, CodeCrew reserves the right to seek damages from any such person to the fullest extent permitted by law. CodeCrew’s failure to enforce any term of these Official Rules shall not constitute a waiver of that provision.

12. Limitations of Liability
CodeCrew nor its affiliates and partners are not responsible for:

1. Any incorrect or inaccurate information, whether caused by entrants, printing errors or by any of the equipment or programming associated with or utilized in the Hackathon;
2. Technical failures of any kind, including, but not limited to malfunctions, interruptions, or disconnections in phone lines or network hardware or software;
3. Unauthorized human intervention in any part of the entry process or the Hackathon;
4. Technical or human error which may occur in the administration of the Hackathon or the processing of entries; or
5. Any injury or damage to persons or property which may be caused, directly or indirectly, in whole or in part, from entrant’s participation in the Hackathon or receipt or use or misuse of any prize.

If for any reason an entrant’s Submission is confirmed to have been erroneously deleted, lost, or otherwise destroyed or corrupted, entrant’s sole remedy is to provide another Submission.

13. Privacy
CodeCrew collects personal information from you when you enter the Hackathon. CodeCrew will be guided by FERPA regulations with collected personal information.
